Subject: Amend adopted Neighborhood Plan
(*The Plan for the Neighborhoods of the 5th Ward*)

Date: June 4, 2004

Summary/ Background

The Plan for the Neighborhoods of the 5th Ward was adopted as a neighborhood plan in March of 2002. The plan covers four entire neighborhoods and portions of others. The St. Louis Place Neighborhood at the time had one of the highest percentages of LRA and other vacant lots/properties in the City. Most of the neighborhood was either proposed as future areas for single family homes or placed in a special category of to be determined later. Currently five developers are creating residential projects in the neighborhood. One of those developers with property options on lots north of St. Louis Avenue has been exploring with funding sources and the neighborhood groups constructing both single family homes and a multifamily elderly facility. The elderly project is being presented to the Planning Commission as a zoning (P.U.D.) item and a Chapter 99 Redevelopment Plan that encompasses an area of one and a half city blocks. A segment of street and alley would be closed to accommodate the project. The plan as adopted designates these blocks as single family.

Recommended Action/ Comments

That the Planning Commission familiarize itself with the project proposed in the P.U.D., and Chapter 99. Conduct the usual review of project. Staff has noted in the items that the proposed actions conflict with the adopted plan. To remove that conflict the procedural step would be to amend the plan doing so by adopting this resolution. The instructions of this resolution is to recommend that the plan be modified to allow the multifamily facility, but structured in such a way to allow single family homes if this project is withdrawn or performance doesn't occur within the P.U.D. performance period. Meaning the companion action is a P.U.D. overlay - not a change to the basic zoning. In essence by combining these items you are reviewing a project and maintaining the integrity of our processes.

Public Input

Two formal opportunities for the public to comment one at the June 4th commission meeting and at the Board of Alderman HUDZ committee hearing.
